

LET IPSO HELP YOU REALIZE YOUR DREAM!

Angel Reynoso began his coin laundry business in 1992 by building a new 3400 square foot store featuring IPSO washers. Thirteen years and two new large coin laundries later; Angel credits his continued success and customer satisfaction to the high quality products and services provided to him by his IPSO Distributor and IPSO USA.

I am extremely pleased, and my customers are very satisfied with the dependability, performance and the excellent wash they received from my IPSO machines. My customers regularly tell me that these washers clean like no other!

My local IPSO Distributor, WashPro USA, provides me with personal service that is unmatched by any commercial laundry distributor in this area. I am comfortable knowing that they are there to take care of me seven days a week.

We are currently building a 6000 square foot laundry, and because of the quality of the product and the dedication of our distributor, the facility will be using IPSO products exclusively.

IPSO DEALERS MAKE IT HAPPEN.
